Domains for the Initiative

Creating a community where the more you age, the happier you get

ONE ARCADIA

Integrated Healthcare Initiative

Preventive Medicine, Immunity, and Frailty Prevention

Our vision of “creating a community where people feel happier as they get age,” is very significant not only for people in Japan but also for all humanity the whole world since we face social issues of aging societies.

Key opinion leaders from Japan and overseas in the fields of pre-disease, immunity, and frailty prevention have been invited to participate in the Initiative.

A multifaceted mutual learning platform
that transcends the barriers of industry, specialty,
and country

Organizer of the Initiative

First Wednesday is an exclusive business forum for the management from multinational companies and professional firms. Members include leaders from top management, business owners, and top runners in global corporations and markets.

2022 marks the 20th anniversary of First Wednesday. We contribute to solving social issues by sharing management knowledge.
